## SEPTEMBER 2022

Dear Business Owners,

The CID would like to warn business owners and employees of a known group of persons who come into the area, especially on Fridays, and actively look for an opportunity to commit crime in the vicinity of Spin and Radnor/De La Rey robots. We watch them like hawks until they leave the area, and the past two Fridays, they have been unsuccessful, despite their best efforts, but with the monitoring it is picked up how careless people are with their personal belongings. Cell phones should be always kept from view in the section of Radnor Road between the intersection of Spin Street and De La Rey robots. The CID made posters which were laminated which we then asked certain business owners to put up at their premises to warn persons that this is a high cellphone theft area. Kindly assist in spreading the word further, as although the nr of cases are few, it is only due to the intense CID monitoring and intervention and the continuous cautioning of persons.

Should your business have trucks kindly ensure all drivers are sensitized to ensure that the back doors are locked when entering and exiting the area via these robots. Criminals jump on the back foothold and attempt to loot the stock without the drivers even being aware of their presence.

Traffic services issued fines in Industria Ring Road on 2022-09-28, and regularly assist the CID with traffic control, especially on Friday afternoons with peak traffic when a lot of businesses close at the same time.

On 2022-09-26 two kittens of a few days old were once again found in a drain by the CID cleaners. The CID was able to find them both homes. Should you find any stray or roaming, or even dead animals kindly contact the CID control room so that we can do the necessary.

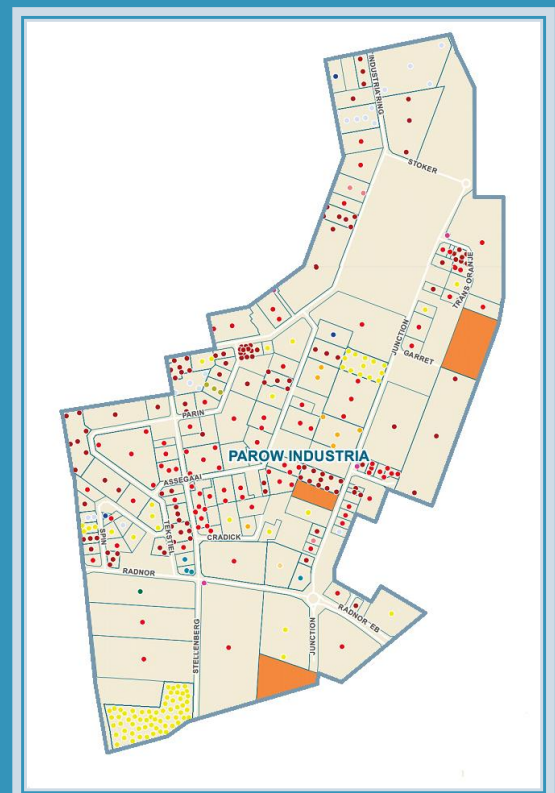

The Annual General Meeting will take place on 29 November 2022. Kindly contact the CID office should you require any further details in this regard, as well as on CID membership etc.

Feel free to contact the CID office should you have any information you would like to bring to our attention.

Kind regards,  
Tracy Engelke (CID Manager) and Zaandria Liebenberg (CID Assistant)
