## DECEMBER 2022

Dear Business Owners,

Welcome back to work after the festive break.

Whilst you were away the CID delivered a 24/7 uninterrupted service through our service provider, Byers. They managed to ensure the site was covered daily with no service interruptions.

Between Zaandria and I there was always someone in the CID office at all times, so all matters received attention as and when they occurred.

It was a relatively quiet shutdown period. See attached crime. SAPS crime inputs show a lot of internal and fraud cases which is not something which the CID can "police" in the public space, so such crime is not added to our stats.

We had a fire at a premises in Spin Street and various burst pipes which were attended to. I would like to thank those business owners who took the time to respond to our shutdown information request in early December, as we were able to speedily resolve issues with the afterhours numbers provided.

The CID cleaners worked throughout the shutdown period but there are some areas which are fenced off and not deemed public space, where an urgent appeal is made to business owners to please ensure that the weeding and/or grass cutting is done now as soon as possible, especially where visible from the road.

Just for your cognizance - the CID is currently liaising with the relevant COCT and other department officials for the:  
possible incorporation of a bus stop in Junction Road.  
Elsieskraal Master plan implementation which will address the flooding with heavy rains that occurs in the area.

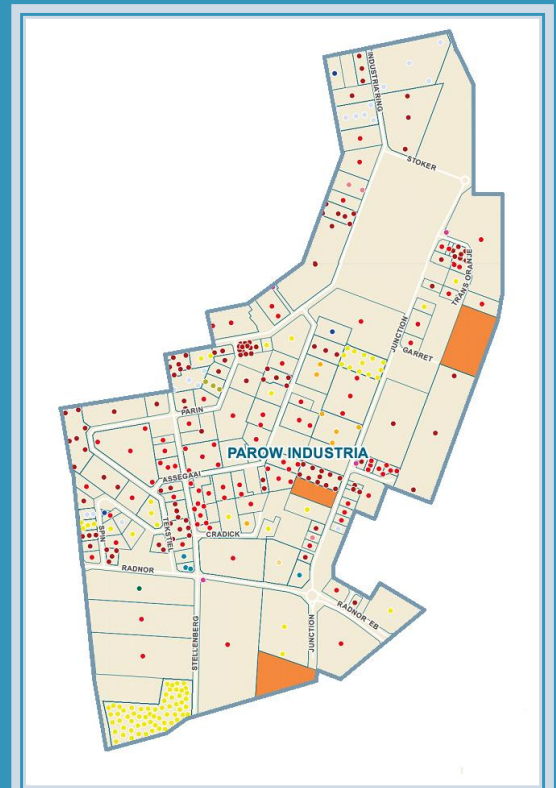

Wishing everyone a prosperous 2023!!

Kind regards,

Tracy Engelke (CID Manager) and Zaandria Liebenberg (CID Assistant)
